

We'd like to follow up on our 27 February statement regarding the changes to AllStarLink, Inc. and make some additional announcements.

Since the release of the statement, the AllStarLink, Inc. Board of Directors and members of the Board of Governors have been subjected to targeted harassment by former (now censured and dismissed) AllStarLink board members and their supporters to include:

- Unannounced banning of nodes from the allstarlink.org domain. Such actions are unconscionable as they have directly impacted stations in use by Search and Rescue and other public service operations, potentially putting lives at risk.
- Targeted harassment by abusing public sign up links for systems. Rob Vella, KK9ROB, a supporter and volunteer who was removed at the 14 February meeting, has signed into communications systems in use by the AllStarLink Board of Directors and Board of Governors, sending targeted harassing messages and threats.
- The unannounced banning of any and all nodes of users who are linked with PTTLink or members of the AllStarLink, inc Board of Directors and Board of Governors.
- The unsolicited calls by members of the former AllStarLink board to users of AllStarLink and PTTLink making threats of banning and all nodes that are connected to PTTLink or by members of the AllStarLink Board of Directors and Board of Governors.

Under article III, section 6 of the AllStarLink bylaws, notice has been served to Pete Elke, Timothy Sawyer, Todd Lesser, David Shaw of their upcoming disciplinary action as well as the same for Rob Vella and Adam Paul.

The AllStarLink, Inc Board of Directors hereby condemns the bullying, harassment, and continued fraudulent use and abuse of AllStarLink assets by the former members of the AllStarLink board and volunteers. Additionally, the AllStarLink, Inc Board warns these individuals to refrain from continuing such actions and requests the help from the community in reporting any such actions they have been subjected to. Please send any information regarding these or similar actions you have been subjected to in an email to: helpdesk@pttlink.org

The AllStarLink, Inc Board of Directors would like to restate that the actions of Pete Elke, Timothy Sawyer, Todd Lesser, David Shaw, and Kevin Custer as well as those of Rob Vella and Adam Paul are illegal as they have been formerly removed from their positions. We would also like to remind these individuals that under no circumstances are they allowed to further conduct business for AllStarLink, Inc nor are they authorized to conduct business or manage any assets belonging to AllStarLink, Inc. The AllStarLink Board hereby publicly demands the immediate cease and desist of these individuals and their supports and the immediate turnover of all AllStarLink property to include:
